*His Holiness the Dalai Lama leading the Deer Park Temple consecration – July 2008*

The Deer Park Temple has been constructed by a **community of builders** offering labor in the form of financial support.

### **Progressing toward our goal!**

The community of builders has raised \$4,890,000 which is 85% of the total needed to pay off the temple. We have only \$830,000 outstanding. **Thank you builders!**

### **Your Giving Makes a Difference!**

Your contribution at any level is especially needed at this time because:

- The outstanding amount left on the temple is in the form of a bank loan. Payments are \$42,000 every 6 months.
- Paying off this loan sooner will reduce total cost and allow Deer Park to develop other important projects and programs.
- You become a part of the vision to ensure that Tibetan Buddhist teaching, art and culture remain available as part of our common human legacy.

**1,000 builders giving on average \$50 a month will pay off the loan within 2 years!**

### **Become a Builder or Continue Building**

by completing an offering envelope or visiting [www.deerparkcenter.org](http://www.deerparkcenter.org)

*Please consider increasing or extending your ongoing automatic contributions.*
